

Check Cashing

Need your check cashed? Service General is there!

We cash the following types of checks:

Payroll Checks

Tax Refunds

Rapid Refund Loans

Government Benefit Checks

Insurance Checks and Drafts

How does it work?

Bring your check and a valid picture ID to any Service General location. When cashing your first check with us, you become a member of our Service General network. Your check and ID information will be logged in our state-of-the-art check cashing software. New to Service General? NO PROBLEM! All of our locations share up to the minute information, so when you become a member of one Service General location, you become a member of ALL locations.

Please bring a valid government issued ID when cashing your check.
